Re: United States v. Barry Cadden, et al., 14-cr-10363-RGS

Dear Counsel:

Pursuant to Fed. R. Crim. P. 16 and Rules 116.1 and 116.2 of the Local Rules of the United States District Court for the District of Massachusetts, the government hereby provides supplemental discovery in this case.

As you know, on April 17, 2015, the Court issued an amended protective order that governs confidential discovery materials produced in this case. The amended protective order requires the government, as the producing party, to designate which materials are confidential discovery materials subject to the order. The government is in the process of designating the materials produced in discovery. We note that discovery materials produced herein contain highly sensitive personal, medical, and financial information. Accordingly, we request that you treat all of the discovery materials produced as if they are governed by the amended protective order, and not share them outside the terms of that proposed order, until such time as the government has completed the designation process. If you will not agree to this, please let us know immediately.
